

TECHCONNECT-READY

Slide up the grille to reveal a modular faceplate. Both speaker chassis have an integrated Techconnect surround and can each accommodate up to 5 modules. Just add Techconnect modules, cables, and a Techmount, and you've got all the elements you need to finish an installation.

CLIP-IN AMPLIFIER

Vision's Techconnect Amplifier (not included) can be clipped into place, or the SP-5000 loudspeakers can be used with any other low-impedance amplifier.

AUDIO-OVER-USB

Comes with an integrated circuit which decodes audio received via USB. Power is required which is provided by a Techconnect Amplifier power supply which can supply the amp and this circuit at the same time, or a spare Techconnect Control power supply (1872512).

CURVED CHASSIS

Attractive design to match other AV equipment and enhance the finish of an installation.

FLEXIBLE CABLE ROUTING

Cable plugged in to the faceplate can either be routed outward or downward behind the grille.

INTERNAL POWER SUPPLY

If the Techconnect amplifier is installed the amplifier power supply can be housed conveniently in the SP-5000 chassis, or externally if preferred.

EASY-FIT BRACKET

A simple bracket is provided for attachment to the wall with no fuss.

20 WATT POWER HANDLING
